PLATTSBURG MEN BLUE OVER NEW RESERVE RULE

Camp Graduates Suffer From Pershing's Reorganization of American Army.

PLATTERURG, Nov. 9 .- The recent snouncement that the War Department would commission less than half the men for active service at the end of this second training comp has greatly disturbed the 1,000 candidates. or commissions. Many candidates gave up good positions to serve their coun-

All Plans Upset, Haker Says, by Pershing's Pinn.

WASHINGTON, Nov. 9. Secretary Baker has stated with no little feeling that he greatly regrets there will not be places on the active list for all graduates of Plattsburg and other officers' training camps.

All plans of the War Department. however, were knocked into a cocked hat when Gen. Pershing recommended that the army be reorganized. By riftually doubling the numerical strength of regiments to conform to the organization found most effective by the British and French, the War Department had many more officers than were immediately required. So graduates of the training camps must, for a time, go on reserve.

ELKS WILL ERECT A NEW WAR HOSPITAL

Model Reconstruction Institution Will Be Built in Boston.

A model reconstruction hospital, to be erected in Boston by the Order of Elke at a cost of \$250,000, was accepted by the Government yesterday. Plans for the hospital, which will be built from a \$1,000,000 fund contributed by 500,000 Eiks in the United States, have been quietly under way for some time.

Following a conference with Surgeon Gen. Gorgas in Washington yesterday, the Elka' War Relief Commission, composed of John K. Tener, Joseph T. Fanning, Jerome B. Fisher, James R. Nicholson, Edward Righter and Grand Exalted Ruler Fred Harper, decided that the plant would consist of a complete unit of twin ward hospital buildings, vocational work shops, barracks, mess hall and post exchange. The commission arrived in this city yesterday.

The hospital will be built on Parker Hill, contiguous to the Robert Brigham Hospital.

WILL NOT COMMANDEER BIG SEASIDE HOTELS

WASHINGTON, Nov. 9. - Gen-Gorgas is not contemplating the seaside resort hotels for use as recuperating stations for soldiers. The Medical Department of the Army has on file offers from a large number of Americans to turn over their country estates for this purpose. None of these offers has been accepted because it has not been thought necessary to utilize them. Provision is being made for a complete hospital system and it is believed convalorcents can be handled most satisfactorily and at less expense in that way, Some of the estates offered will be utilized to supplement the hospital cilities, should necessity arise.

Diminished Income Demands Diminished Expenses

Regard the matter how we may, it is an undoubted fact that these are times of diminished incomes.

The situation must be met, and met in such manner that undue discomfort must not be apparent.

We maintain (and our contention is justified by 21 years of adequate service to the people of New York), that IT IS JUST IN TIMES LIKE THESE THAT GREENHUT'S MOST PERFECTLY SHOWS ITS VALUE TO PEOPLE OF MODERATE MEANS.

Just one instance: PAY A TRIAL VISIT TO THE WORLD'S GREATEST GROCERY. Learn there how to reduce your table expense without sacrificing an iota of quality. And this is but a single department which we use to illustrate our point.

The ratio between income and expenditure has been and is steadily mounting. The latter soars; the former drops. Not a family in New York but what is affected to a greater or less degree.

To those to whom every dollar must be made to perform extra service in these strenuous times, no better advice than this can be given:

"CONCENTRATE YOUR BUYING HERE."
